

WWW.RACINGFLOW.COM - TOUGHEST 2015 RACES FOR SPEED

These are the toughest 2015 races for a runner to go wire-to-wire. In each of the races, the race shape (FLOW) gave an important advantage to closers. In several of the races, the surfaced favored rallying types as well. To put this information to work in your handicapping decisions, you have two options.

Option #1

- a) find the charts from these races;
- b) identify runners who battled for the early lead;
- c) enter those runners in your Stable Mail; and
- d) give these failed speed types extra credit when they next meet the starter.

Option #2

Join Racing Flow™ and we'll do the work for you.
