

Racing Flow™ Figures for Zenyatta

Note:

Final Time is given in seconds (e.g., 75.2 = 1:15.2), using tenths, not fifths.

Late Spd is her calculated speed (second per furlong) beyond the first 4 furlongs.

Summary:

She ran through adverse FLOW during 6 of her wins.

Track BIAS worked in her favor 5 times. She overcame a speed BIAS once.

You don't see sub-12 late speed very often.
